# WELCOME TO BEER BY TRAM.

Welcome to the 2017 edition of NET's Beer By Tram guide, produced in partnership with the Campaign For Real Ale (CAMRA).

Here in Nottingham we're lucky enough to have been blessed with a large number of top quality real ale pubs throughout the city centre and surrounding suburbs. What's even better is that many of these pubs are within easy reach of our tram stops.

Using this pocket-sized guide should help you easily locate the nearest CAMRA approved pub, wherever you may be on our network. It might even encourage you travel to places you've not been before – there are some real hidden gems across the length of both our lines.

Taking the tram means you can leave the car at home and treat yourself to a pint or two, comfortable in the knowledge you've have a safe and reliable way of getting back home. You can even share your journey of real ale discovery with us on social media. Tweet your pics or post them to Facebook using #beerbytram

NOTTINGHAM EXPRESS TRANSIT

# LET'S 'PINT' YOU IN THE RIGHT DIRECTION!..

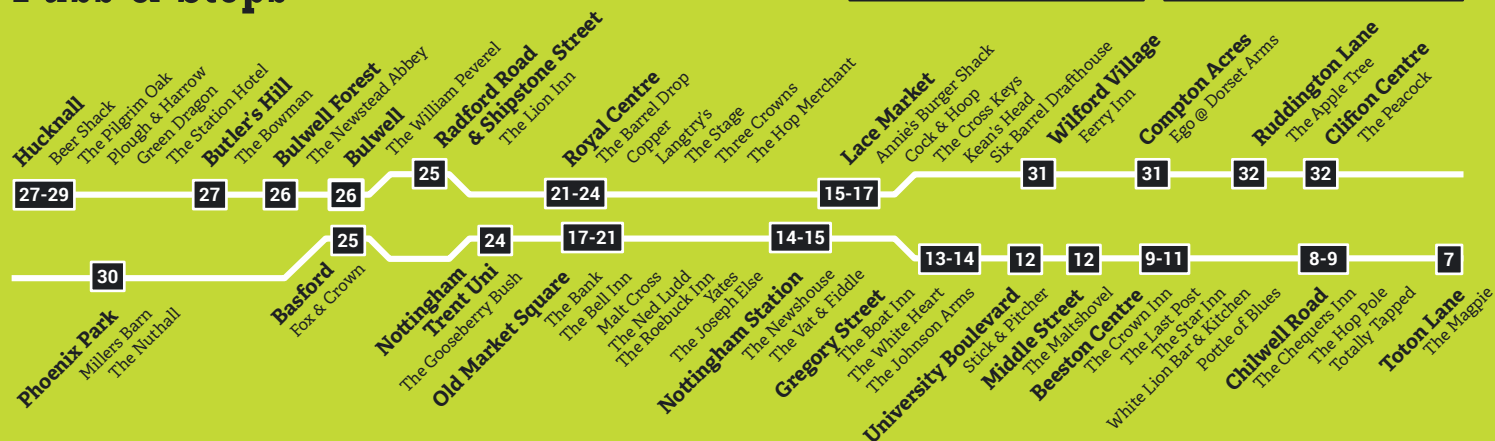

The beer scene in the Nottingham conurbation is thriving in a way we have not seen before and is probably in better health than anywhere else in the country. This is demonstrated by the annual Robin Hood Beer and Cider Festival held in the grounds of Nottingham Castle and enjoyed by over 25,000 customers in just three and a half days, judged by many to be the best beer festival in the country.

Not only do we now have twenty breweries in the immediate area and almost fifty more within a twenty mile radius but we also have a fantastic selection of pubs offering a wide choice of these beers. Many of these pubs also offer good food, traditional ciders and a warm welcome. They are all worth visiting and what better way than to reach them but our newly extended tram network?

It is a sad fact that the country is losing pubs at the rate of 29 per week, and Nottingham has witnessed its share of these closures. Undoubtedly, the best way of keeping our pubs in business is to use them more frequently and with the aid of this guide we aim to show you some of the best examples that can be reached easily on the tram. So why not pick up this guide, hop on a tram and go and explore the delights on offer? You really will be pleased that you did!

Steve Westby  
Chairman, Nottingham CAMRA
