

# INTRO

---

Putting together our first cocktail menu has been a pretty incredible experience. Working alongside an incredible mixologist has seen our most weird & wonderful ideas come to life & turn into absolutely amazing tasting drinks.

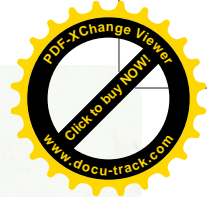

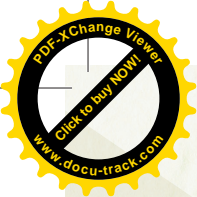

Drawing influence from childhood memories, classic British flavours & gems we've un-earthed on our travels, the aim was to combine the very finest products & locally sourced ingredients to create a unique selection of bold & creative cocktails. Full of taste & character we wanted to awaken your senses, bring back forgotten memories and create new ones right here in Penny Lane.
