## A LITTLE ABOUT US

**Josephine's is a family owned and managed independent tea room and café right in the heart of Nottingham.**

Established in late 2018, we've been adding something a little different to the café culture. With an emphasis on service and ambience, old fashioned values and of course great quality recognisable food.

We are becoming very well known for our afternoon tea and with no need to book in advance we offer a flexibility to suit busy lifestyles.

Come and join us for breakfast too, with a healthy baked Full English on the menu you can set yourself up for the day.

Cake is such a big part of what we do too. We bake a lot on our premises but also use local small independent businesses too. With a constantly changing selection there's always something for everyone.

We hope you are enjoying Josephine's tea room - everything in here has been selected by the owners, including the décor and music!
