

Now serving artisan coffee from 200 Degrees

Working with local Nottingham barista house to serve delicious coffee at Bramleys Brasserie.

200 Degrees coffee is roasted at the optimum temperature of around two hundred degrees centigrade. A lighter roast yields more subtle flavours and a higher acidity but a darker roast boasts an intense and bolder flavours.

It's the point at which the beans are removed from the roaster where the real art and personality lies. The beans temperature and colour are monitored using just the naked eye to stop the process at precisely the right moment to ensure the correct flavour.

200 Degrees Coffee is ethically sourced, with their signature Brazilian Love Affair espresso blend coming 100% from Rainforest Alliance Certified farms.

Bramleys Brasserie is situated within the Orchard Hotel

BRAMLEYS

BRASSERIE:BAR

Lounge Menu

Available from 12noon to 10pm

The Story of Bramleys Brasserie

In 1991 the original Bramley's Seedling apple tree, which has its home in Southwell, Nottinghamshire, was under attack on two fronts - old age and honey fungus.

Biologists from the University of Nottingham saved the tree from the fungus and it's still fruiting to this day. But they also ensured the future of the Bramley Apple, by using modern biotechnology methods to clone the original tree, thereby preserving this unique fruit.

Now, 12 of the cloned trees are thriving in the Millennium Garden on University Park. This guarantees that future generations of gardeners will have access to the original form of the 'Bramley's seedling', even after the original tree inevitably stops fruiting.

The Orchard Hotel pays homage to the Bramley Apple by naming its restaurant 'Bramleys Brasserie'.
